

Pat Roberts has had 40 years in Washington to change things, and he has let us down. For too long, he has turned a deaf ear to Kansas constituents and served as a rubber-stamp for the Bush-Cheney Administration. Each of us have a motivation for voting for change this November, and we want to know your reason.

In an effort to share the story of average Kansans, we need your testimonials on where Pat Roberts went wrong and how he let you and your family down. This is your chance to share your motivations. Getting our country back on the right track is going to take a lot of work and step number one here in Kansas is removing Pat Roberts from office.
